

B. Find the Persian equivalents of the following terms and expressions and write them in the spaces provided.

1. adhesion
2. angular divergence
3. arc welding
4. asbestos
5. autogenous weld
6. blowpipe
7. bonding techniques
8. brazing
9. butt
10. coalescing
11. cohesion

12. collimation
13. concentrated beams
14. crater
15. diffusion
16. fastening requirements
17. filler metal
18. flux
19. focal plane
20. footwear
21. fusion-welding
22. gummy substance
23. hose
24. incoherent
25. inorganic adhesive
26. intensity
27. intermixture
28. kapok
29. labeling
30. lap
31. left-hand threads
32. metallurgical bond
33. monochromatic light
34. nozzle
35. optical act
36. oxyacetylene welding
37. plywood
38. refraction
39. rivet
40. seamless
41. shank
42. single-frequency wavelength
43. soldering
44. solid-state welding
45. spring clip
46. staple
47. starch
48. thermosetting polymer
49. wavelength
